Wholesale Price List of

HARDY GARDEN CHRYSANTHEMUMS
SIBERIAN IRIS
HEMEROCALLIS
PHLOX
Etc.

Chrysanthemums are becoming increasingly popular for fall garden display, and a good selection of them will call attention to your nursery and bring you customers. Gardeners are always looking for color for their home gardens, and a collection each of Siberian iris, daylilies and phlox, along with the mums, will give color all through the summer season. Also the steel-blue globes of echinops Taplow Blue will provide something different in a summer cut flower.

We have added a number of fine varieties to our list this year. Our field divisions are from plants carefully watched and rogued through the bloom season for anything not true to name or up to standard in appearance. We strive to send out healthy, true-to-name divisions, also to rectify, so far as possible, any errors.

TERMS: Cash, or 50% cash, balance C.O.D. Minimum order \$3.00. No charge for packing. Plants shipped by express collect. Small orders can be shipped by parcel post if postage is included; any amount in excess will be refunded. You may order 25 of one variety at the 100 rate.

Prices are for strong, outdoor grown rooted divisions. All stock offered subject to prior sale, and crop conditions. Shipping will start as soon as weather permits. Orders will be shipped in rotation, as near as possible to the time wanted.

The first letter after the name denotes the type of flower: D, double; SD, semi-double; S, single. The second letter pertains to approximate bloom season: E, before Oct. 1; M, Oct. 1 to Oct. 15; L, Oct. 15 on; VE, early September or late August.

<u>HARDY CHRYSANTHEMUMS</u>	<u>Per 10</u>	<u>Per 100</u>

Our stock of phlox is rather limited and it would be well to order early as possible.

ORIENTAL POPPIES

We will be able to supply some poppies for August and September delivery. If interested, please write for spring quotations on varieties and prices.

GLADIOLUS BULBS

If interested in gladiolus bulbs, please send your want list for quotations. We grow about five acres of bulbs, and had a very fine crop this year. We have small amounts of a lot of varieties, and may be able to supply your needs.

GLADS FOR COUNTER TRADE -- We put up two different packages of glad bulbs, in cellophane bags with colored pictures. One contains 20 large bulbs in 10 or more varieties; the other 30 medium sized bulbs in 15 or more varieties. Either size \$55 per 100 packages, or 60¢ each in lots of less than 50, f.o.b. We retail these at \$1 per package, and they sell readily. A sample of each of the two packages will be sent postpaid on receipt of \$1.25.

MISCELLANEOUS PERENNIALS

	<u>10</u>	<u>100</u>
--	-----------	------------

ECHINOPS TAPLOW BLUE -- This is an outstanding globe thistle. Globes are larger and of a blue much deeper in color than the ordinary echinops ritro. It blooms on stalks about $3\frac{1}{2}$ feet tall in July, and if cut back when through blooming, it will bloom again in September on shorter stems. Very effective in the garden, and a long-lasting cut flower.	\$ 2.50	\$ 20.00
HEUCHERA BRIZOIDES -- Has tall pink airy-fairy blooms to grace the garden from May nearly all through the summer. Also fine for cutting. Large field grown plants.	2.00	15.00
LIATRIS PYCNOSTACHYIA -- Extra large heavy plants, to give many spikes of lavender blooms.	2.00	15.00
PHLOX AMOENA -- A low species about 6 inches tall, covered in spring with bright pink flowers. Large field grown.	2.00	15.00
PHLOX SUBULATA ATROPURPUREA -- Creeping plants for edgings or rock gardens covered in spring with wine-red blooms. Large field grown plants.	2.00	15.00
VERONICA INCANA -- Silvery gray foliage and deep blue spikes of bloom about one foot tall, for rock gardens or edging. Strong field grown plants.	2.00	15.00
